

## Assignment and Authorizations Webcast

The Commission has scheduled an Assignment and Authorizations Webcast on Tuesday, December 4, 2012. This webcast will include two separate sessions designed to share both introductory (AM session) and advanced (PM Session) information in relation to certificated staff assignments.

### AM - Session 1 – 9:00 am – 12:00 pm

The AM session is designed to provide basic foundational information on certificated assignments designed for individuals with less than a year of experience in this area but also available for anyone that would like to review basic terminology, credential structure, authorizations, and instructional settings as they relate to certificated staff assignments in California public schools.

### PM – Session 2 – 1:00 pm – 4:00 pm

The PM Advanced Session is designed for an experienced credential analyst. The presentation will go into greater depth on those areas generating the most questions in the area of assignments such as special education assignments and monitoring, the transition of mental health related services for special education students following Assembly Bill 114, Career Technical Education and Linked Learning, Transitional Kindergarten, Teacher Librarians, and challenges with middle school restructuring.

A list of host sites for this webcast is provided below for reference. As we have a limited number of connections available, we ask that you register with one of the local offices currently signed up as a host in your area to view the webcast. If your office would like to serve as a host site or individual desktop viewer then you may still register to be added by completing the registration survey at: <http://www.surveymonkey.com/s/AssignmentWebcast2012>

*Limited connections are available for both host and desktop viewing. Registration for host sites willing to accommodate staff from other offices will be given priority.*

## Webcast Host Site Contact Information

Host Agency/Organization	Contact	Email	Available Sessions
